HARRY POTTER AND THE Chamber of Secrets

By J.K. Rowling

A house-elf warns Harry against returning to Hogwarts, but he decides to ignore it. When students and creatures at the school begin to get petrified, Harry finds himself surrounded in mystery. The plot follows Harry's second year at Hogwarts School of Witchcraft and Wizardry, during which a series of messages on the walls of the school's corridors warn that the Chamber of Secrets has been opened and that the 'heir of Slytherin' would kill all Puffs who do not come from all-magical families. The main message in this book is the idea of tolerance within a community is highly important in Harry Potter and the Chamber of Secrets. The plot of the novel explores this idea through Malfoy's intention to wipe out 'mudbloods' or wizards with non-magical ancestors, from Hogwarts. 'Harry Potter and the Chamber of Secrets' explores all the new themes that were not considered in the first book, making it grimmer and realistic compared to the first installment. The antics of 'Harry Potter and the Chamber of Secrets' is bound to highlight discrimination and inequalities that are persistent in the wizarding world. The premise of this book alone rests on a group of wizards claiming superiority over other wizards and a secret to stop these evil forces.

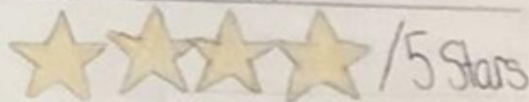

My favorite character in the book is Hermione Granger because her strong, confident, fearless and kind personality has inspired many girls and women. One of the reasons for her huge fan base is because, for a long time, female characters in fantasy were portrayed as either saints or villains. But it all changed when Hermione Granger appeared in the Harry Potter series.

My second favorite character would be Harry because for the most part, Harry is so humble and modest, often downplaying his achievements, though he uses a lot of his adventures as examples of his maturity early in the fifth book.

Genre - Adventure, family, fantasy, mystery

Harry Potter and the Philosopher's Stone quickly became a best seller on publication in 1997. As the book was translated into other languages, Harry Potter started spreading round the globe - and J.K. Rowling was soon receiving thousands of letters from fans. The Harry Potter books have since broken many records. Additionally, many fans appreciate the themes of good, friendship, bravery, and the battle between good and evil. The books and films have also had a significant impact on popular culture and have resonated with people of all ages around the world.

My
wonka
factory

This is my favourite book because I love chocolate.
Charlie is a good boy and wants to help and make his family proud.
My favourite part of this book is when Charlie find's a golden ticket
in his Wonka chocolate bar. The funniest part of this book in when
Violet turned into a blueberry.

I chose this book because it makes me laugh and shows everyone you must be kind to each other!

The things I love most about The Twits is the funny tricks they play on each other. My favorite trick is where Mrs Twit puts worms in Mr Twits Pasta and he doesn't realise!

J.K ROWLING

Harry Potter

and the philosopher's Stone

First Published in Britain 1997

This is a fantasy novel sort of book. I read about 3-4 pages per day. The importance of love from both family and friends is one of the main messages of this book. 'Harry Potter and the philosopher's Stone' was written by J.K Rowling. I recommend this book because it is fun and has good characters and is interesting to read.

Harry Potter has never even heard of hogwarts when the LETTERS start dropping on the doormat at number four, Privet Drive. Addressed in Green INK on yellowish Parchment with a PURPLE SEAL, they are swiftly confiscated by his GRISLY aunt and uncle. Then, on Harry's eleventh birthday, a great beetle-eyed GIANT of a man called RUBEUS Hagrid bursts in with some ASTONISHING news: Harry Potter is a wizard and he has a place at HOGWARTS SCHOOL OF WITCHCRAFT AND WIZARDRY. An incredible adventure is about to begin!

MURDER IS EASY

About:
'Murder is easy' is a crime fiction novel. It contains mystery and romance as well as likable characters with detailed backstories which feed into the plot!

Blurb 2
But within hours, Miss Pinkerton has been killed in a hit-and-run car accident. Mere coincidences? Luke is inclined to think so - until he reads in 'The Times' of the unexpected demise of Wychnowad's Dr. Humbley...

Blurb 1
Fitzwilliam doesn't believe Miss Pinkerton's allegation that a multiple murder is at work in the quiet English village of Wychnowad and her local doctor is in line.

Miss Pinkerton was about to reveal the killer to the police.

Lord Whitfield had argued with the victim the day before about stealing his car.

I honestly loved this book so much. At first it dragged on a bit, but then when the final murder was committed, I was fully hooked. I rate this book 5 stars! ★★★★★

Whilst talking to Lord, he told me awful things to anyone who paths with him. He proceeded to kill each victim. He was God rewarding him.

Victim worked for the lord and had been mocking him.

Information
'Murder is Easy' was written by Agatha Christie in 1939. It is described as 'One of the Christie's best mystery novels, a story fascinating in plot, clever and lively characters and brilliant in technique' by the New York Times.

Bridget says that that paint hasn't been used since the war - and red looked hideous against Amy's hair. Only a man would know this.

Amy Gibbs was recovering medicine from Dr. Thomas.

Amy Gibbs, Mrs. Horton and Dr. Humbley were all often rude to Whitfield and all ended up being murdered.

Dr. Thomas fancied Dr. Humbley's daughter but he didn't marry.

Mrs Horton accused her maids of trying to poison her. Note: Lord Whitfield used to send her grapes.

Victim was often drunk - one night after too many drinks he came and 'abused' the Lord. He died a week after.
